Firm Overview

About Pritzker Alternative Strategies

Pritzker Alternative Strategies LP is the Anthony Pritzker family-backed provider of family capital to select U.S. and European lower and middle-market private equity funds, with a focus on emerging managers. PAS seeks to invest in high-quality private equity funds and independent sponsors pursuing growth and value investment strategies and their related investment opportunities diversified across the services, manufacturing, healthcare, and technology sectors. Building on the Pritzker family legacy and with an experienced team of private markets investors and Senior Advisors, PAS strives to be a value-added partner to both fund managers and family investors. Executing a differentiated strategy built on transparency and collaboration, PAS delivers family capital to the private equity market with experience, discipline and certainty.
